Council Meeting Synopsis:

January 10, 2012: Updates were given to the council at the meeting on projects that were currently underway. These included the Washington Park project, the lease agreement and installation of telecommunication equipment on the Village's water tower, trees in the Village right of way.

The Economic Vitality Incentive Program (EVIP), a State program, that the Village is participating with to qualify for funding was discussed. The Village has met the first two of the categories required to receive funding. We are currently working on the third category.

January 24, 2012: The council was informed that the Verizon Wireless lease agreement was finalized and all that remained was for it to be signed. The plans for the installation of telecommunications equipment on the Village's water tower had also received approval. Based on information shared with the Village Verizon Wireless is pursuing this projects completion in the 1st Quarter 2012.
